Midway Landfill, Fountain, El Paso County, Colorado: site sizing

What the gas the site now flares could power, how much land it would take, and what it could earn each year.

1.2 MW	2	6 ac	108k
POWER FROM THE GAS	COMPUTE MODULES	LAND NEEDED	MMBTU BOUGHT / YR

GAS SALE, PER YEAR	LAND LEASE, PER YEAR	TOTAL TO THE OWNER, PER YEAR
up to $325k	$6k to $13k	$6k to $337k

THE MATH

Landfill gas collected and flared (2023)	445 scfm
Methane content (2023)	48.1%
Energy in the gas	13.0 MMBtu per hour
Power at a heat rate of 11,000 Btu/kWh	about 1.2 MW
Compute (power less cooling and losses, /1.2)	about 1.0 MW
Compute modules (about 1 MW each)	2
Gas engines (running plus one spare)	2 at 1.6 MW
Land: 5 acres plus 1.2 acres per MW	about 6 acres
Gas bought per year (95% run time)	108k MMBtu
Gas payment, up to $3.00/MMBtu	up to $325k
Land lease at $1,000 to $2,000 per acre per year	$6k to $13k

Landfill gas: about 1,012 Btu per cubic foot of methane. Prices in US dollars; the price band is the one shown on our Site model page.

WHAT IT WOULD LOOK LIKE

- Our own gas engines on a fenced parcel near the gas, a battery to smooth the load, and factory-built compute modules leased to an AI company.
- No grid connection and no export: all of the power is used on site.
- We build and run the site. The owner puts in no capital.
- Multi-year gas and land agreements, matched to the tenant's lease, at a fixed price.

WORTH CHECKING

- Gas rights and any existing gas agreement
- Colorado APCD construction permit (Regulation 3)
- Tie-in under the landfill's Title V permit (NSPS Subpart XXX, NESHAP Subpart AAAA)
- County or municipal zoning for the data hall

Source: EPA Greenhouse Gas Reporting Program, 2023: about 445 scfm collected at 48.1% methane, almost triple 2022. EPA Landfill Methane Outreach Program lists no energy project. Colorado Regulation 31 bars open flares at MSW landfills from January 1, 2029. This is an estimate from public data, not an offer: no cost and no obligation. The real price and terms are set in the gas and land agreements after a site review.
